

The Agile Outdoor Kiosk is designed to run 24x7 in any outdoor environment. With an IP66 rated enclosure the Agile is the perfect solution for digital signage in the elements. The Agile can be used as a static display or a self-service touch screen kiosk.

With a robust Windows PC, this wall mounted system can display a multitude of digital signage and kiosk applications. The Agile is a fully water and dust-proof display that is engineered to withstand all weather conditions.

With a 3000 NIT screen the Agile can be placed in direct sunlight and viewing will not be impacted. Furthermore, heating/cooling devices will keep all the components temperate in any climate.

Water & Dust Resistant Enclosure
-30F to 140F Operational Temp
Sunlight Readable Panel
Automatic Brightness Control

AG Glass Anti-Reflective Film
